That splendid old Bonne Terre citizen and good friend of The Times, W. J. Hobbs, was a Farmington visitor Monday and dropped into this office to pay his respects.

Judge and Mrs. J. H. Orten entertained a number of friends Monday evening, in a very pleasing manner. Refreshments were served and the evening passed most delightfully.

While we have made no effort to keep up our stock of Paints, we still have considerable Sunshine Finish Paints on hand. There are none better. Tetley-Klein Lumber Co.

Frank Highley is being urged by friends to make the race for School Director. Frank is an industrious and enterprising young man, and would no doubt be a valuable addition to the Board of Education.

The clean-up and paint-up season has arrived, and is beginning to be observed in Farmington thus early in the season. A number of store fronts have already been adorned with attractive coats of paint.

FOR RENT—2-story brick building, in good repair; opposite Lang's Garage. Call on or address M. T. Moore, Farmington, Mo.

Twelve Oklahomans were among the new students who enrolled at the Chilli-cothe Business College the first of the month but the yearly enrollment of Oklahomans at this big business school exceeds 200.

Everybody should get ready to brush up the town and make everything shine forth resplendently about Farmington during the week beginning March 31st, which has been designated as Clean-Up Week.

The past week went out quite blustery, though the temperature failed to fall to any appreciable extent. But on Monday the weather cleared, the sun came out bright, and splendid growing weather is again present.

Mr. and Mrs. Sam Byington left Tuesday morning for Colorado Springs, Colo., where they expect to spend several months with their daughter, Miss Hazel, who has been there for some time past for the benefit of her health.

Everyone should prepare to put forth their best efforts in the Clean-Up campaign, to be of the greatest possible assistance to the school of their choice for the premium that will be given the district making the best grade in clean-up work.

Rolla Cozcan, manager of the Farmington Undertaking Co., left Wednesday night for Cornwall, Mo., where he was called by a message announcing the death on Wednesday of an older brother, Oliver Cozcan. Deceased leaves a wife and four children.

Oscar L. Haile went to Ste. Genevieve Tuesday for several days business. Mr. Haile owns abstract books for both St. Francois and Ste. Genevieve counties, so that he is frequently compelled to spend several days there in perfecting abstracts.

Capt. W. A. Kennedy this week negotiated the sale of the 90-acre farm of John Burlingame, two miles north-east of this city, to Clarence Womack; consideration, \$7,000. John M. Allen spent the week-end with his parents, Mr. and Mrs. R. L. Allen, in this city. John is now traveling over the eastern half of this state for a drug house, and reports that he is very well pleased with the work, which evidently agrees with him, as he is looking well.

Roy T. Allen, of Mayfield, Ky., and Miss Evelyn Moss, of Mill Springs, Mo., were united in marriage last Saturday evening, at 8 o'clock, at the Baptist parsonage in this city. Rev. O. H. L. Cunningham performing the ceremony. The contracting parties are both employed at State Hospital No. 4.

Dr. G. W. Tidwell, formerly of Elvins, who for the past several months has been taking a post-graduate course in West New York, N. J., returned home the first of the week to prepare to move to Sedalia, Mo., where he has determined to permanently locate for the practice of his profession.

The Tetley-Klein Lumber Co., is headquarters for several of the leading products of the Empire Brand Fertilizers. They now have on hand a supply of the 16 per cent. Acid phosphate, as well as 1-8-1, 2-12 and Steam Bone. There are no better brands than these on the market.

The name of F. L. Glover, one of our best and most conservative citizens, appears in The Times this week as a candidate for Alderman from the Third Ward. Mr. Glover asked us to state that he will deeply appreciate anything that may be done for him in this race, feeling that he will be able to fully repay all in good service should he be selected for the position he seeks.

Telephone calls to Bethel's Cash Meat Market, No. 239, are always given the same careful and prompt service that a personal call receives. When you need anything in meats, fish, oysters, vegetables, staple and fancy groceries, etc., give us a call and you will be pleased with the prompt and satisfactory service you will receive.

J. W. Yeargain, whose name appears this week as a candidate for Alderman from the Third Ward, has for many years been an enterprising and successful farmer in this community. Some time ago Mr. Yeargain moved his family to this city, and his friends have insisted that he would be a valuable member of the City Council, for which position he has been persuaded to announce his candidacy.

The Times is especially pleased this week to present the name of Fred M. Karsch as a candidate for School Director, to succeed himself. Mr. Karsch is just now completing a three-year term on the Board of Education, and his work in that capacity is the best possible recommendation why he should be retained in that position. It is only his absorbing interest in the welfare of the schools that induces such businessmen as Mr. Karsch to offer for such places.

Most unfortunately the inclement weather of Saturday forced the abandonment of the Community Sale in this city, which had been extensively advertised for that day. No new date has been fixed for another attempt to initiate this enterprise, and it appears at this time that no further effort will be made to institute such proceeding. It is really unfortunate that such is the case, as this project promised to be of inestimable good to this entire community. It bore the stamp of real merit, and The Times truly hopes that it will not be permitted to "die a bornin'." A real, live Community Sale Day would be a wonderful help, not only to this city, but to every person who would permit himself to be benefited by it.

Every citizen will doubtless have a choice between the North and South Ward schools for the splendid premium that will be given by the Civic League Club for the best and most thorough clean up of their respective districts. Not only that, but every good citizen will take a personal pride in putting his premises in the best possible shape during Clean-Up Week.

Miss Frankie Boyer is the proud possessor of a German helmet, just received from her uncle, Lester R. Hutchings, who is with the army of occupation, and sent his little niece a number of war souvenirs from Wittenberg, Germany. The helmet bears indications of having passed through hard service, and will doubtless ever remain a highly prized keep-sake by Miss Frankie.

The Times is especially pleased to present the name of Dr. John B. Graves as a candidate for School Director in this city. This paper last week suggested Dr. Graves for such position, in a thoroughly deserved complimentary mention. Therefore, we are now particularly pleased to present the name of such an exemplary citizen for this place. So long as our public schools can hold the deep interest and earnest support of such men as is Dr. Graves, their course must be constantly upward.

Mr. and Mrs. A. B. McKenzie, who recently moved to Farmington from the Libertyville neighborhood, having sold their splendid farm there, were very pleasantly surprised the last of the week by having Mrs. A. J. Sucher, accompanied by her husband, and Mrs. J. H. Walker and daughter, of Ste. Genevieve, drop in on them. This incoming completed a family reunion, with the exception of one son-in-law, Mr. Walker, as the others all live in this city. Those present besides Mr. and Mrs. McKenzie, were three daughters and one daughter-in-law, one son and three sons-in-law, and five grandchildren.

T. P. Pigg, of Ironton, was a week-end visitor with his wife in this city. The Times acknowledges an appreciated call. Bro. Pigg is editor of the Arcadia Valley Enterprise, and the way he is filling that paper with interesting local news of that little community is calculated to make his newspaper brethren "sit up and take notice." It is one of the wonders how so much local news can transpire in one small community as appears each week in the Arcadia Valley Enterprise. The Times also notes that such splendid enterprise is meeting with a just reward—increasing patronage.

"Uncle Harvey" Haile celebrated his ninety-ninth birthday last Saturday, March 15th. The occasion was more or less a fete day by the host of friends of that very excellent old citizen, whom it is always a pleasure to meet. He received many callers that day, all of whom were welcomed by him in his charming manner, and refreshments were served to all. While "Uncle Harvey" is beginning to feel somewhat the piling up of years, he being a little more frail than he was a year since, his appearance indicates that he will enjoy many more such anniversary occasions. In fact he is almost 100 years young.

W. A. Mitchell, Presiding Judge of the St. Francois County Court, who was married last week, returned from the wedding trip to be present at another adjourned term of the County Court Monday, held for the purpose of settling with Treasurer H. W. Coffield. The Judge appears to be renewed with determination and zeal to force the mine owners to do the "right thing" in regard to paying their just taxes for 1918. He has no desire to "treat 'em rough", but he is also opposed to their being made special favorites of. All he and the Associate Judges want and expect is exact justice. This they are going to insist on.

PORTNIGHTLY CLUB ELECTION

The Portnightly Club met last Friday afternoon at the home of Mrs. Will Land. It was the occasion for the annual election of officers, which resulted as follows:

President—Mrs. J. S. Clay.
First Vice-President—Mrs. E. E. Swink.
Second Vice-President—Mrs. Ed. Helber.
Secretary—Mrs. W. M. Harlan.
Treasurer—Mrs. Yancy White.
Parliamentarian—Mrs. J. W. McCarthy.
Auditor—Mrs. J. P. Cayce.
Sergeant-at-Arms—Mrs. R. S. Boyd.

THREE IN FAMILY

Death has visited the home of John Westover, a short distance from this city, in a most relentless manner, taking from this life the father and two daughters in a single day. On Wednesday, March 18th, John Westover was stricken down by pneumonia, and he was followed the same evening across the dark river of death by two daughters. Pneumonia, superinduced by influenza, was the cause of all three deaths.

The wife is very low, and her condition is causing grave fears among relatives and friends of this sorely bereaved family. This leaves but one member, a little girl, who is also sick from the same frightful enemy.

Later—News of the death of Mrs. Westover was received just before The Times went to press.

MRS. M. A. HOLLIS

The death of this good and well known woman, which occurred at her home in this city at 9:50 o'clock yesterday morning, March 20th, spread a shadow of deep sorrow over her host of friends in this community, where she had lived for many years.

Deceased had been an invalid for a number of years, though previous to her break-down she had been particularly active and industrious. For a number of years she was engaged in the hotel business, and a few years ago was proprietress of the St. Francois hotel in this city.

Even in her enfeebled condition during the last years of her life she was blessed with an amazing energy which enabled her to continue to the last without submitting to her frailties and sufferings. Death resulted from asthma and hardening of the arteries,
